

Saturday Glass Classes

Learn how to work with this beautiful and seductive material and have a great time in the process. No experience is necessary, and previous experience is welcome.

The fee for six lessons is \$350. The lessons do not have to be consecutive. You can come to any Saturday class six times, at your convenience. Weekday times are possible as well, but will be arranged at my convenience.

Materials are not included. Materials cost average \$50 to \$90.

For the duration of the classes as well as 4 weeks from the last class a 10% discount will be applied to any supplies purchased.

Class times are from noon until 4PM. During this time I will be available to assist you in the realization of your project goals.

Parent and child dyads are welcomed, but this must be discussed with me first.

Techniques available: Stained glass from beginners to advanced levels. Etching. Painting on glass. Kiln forming, i.e. Fusing and slumping. Lamp construction. Glass and metal sculpture. Or a combination of these techniques, or perhaps others not listed.

Students must call 607-277-7770 or 607-227-1125 or email (tsglass314@gmail.com) on Friday to verify the class for the following Saturday.

Students may not store projects at the studio. Please come prepared with a box (pizza boxes are perfect) or some other means of transporting your work. Call for details.

The class fee is non refundable. The class card will be punched prior to beginning each class. The card will remain on file at the studio and will remain active until all six classes are used.

In the course of 6 Saturdays most students will complete at least one modestly sized project.

People who gravitate to glass classes have been shown to be among the most pleasant to consort with. The studio is a casual and active environment where you will not only see your and other student projects taking shape, but the myriad studio jobs also being worked on. You have a strong chance of having fun!
